TOMY TUTOR™

HOW TO PLAY TORPEDO TERROR®

GET READY

Be sure your computer is hooked up correctly.
See your owner's manual for details.

- Insert **TORPEDO TERROR** game cartridge before you turn the computer on. Make sure the label is facing you.
- Turn the computer and TV set on.
- When color bars appear, press any key. Then press [↓] twice, to make the finger point at "CARTRIDGE."
- Press [RT].

OBJECT OF THE GAME

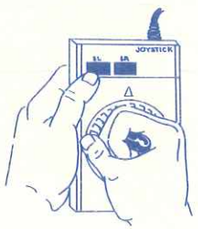
Defeat as many enemy submarines and destroyers as you can, while avoiding depth charges, torpedoes and "X" bombs. If you can destroy 7 squadrons of enemy subs, shoot the super-fast Terror Triangle. If you succeed in blowing up the Triangle, be ready to fight another wild undersea battle!

HOW TO START

- Press [1] or [2] on the keyboard to set the number of players.
- Press [SL] or [SR] on the *left* controller to set the skill level.
  —[SL] is for the "Amateur" (easy) game.
  —[SR] is for the "Pro" (hard) game.
- Wait until the skill level message disappears, then use the controller to direct your sub left or right, so it starts moving as fast as possible. KEEP MOVING!
  —In 1-player games, use the *left* controller.
  —In 2-player games, the player with the *left* controller has the first turn.

HOW TO USE THE CONTROLLERS

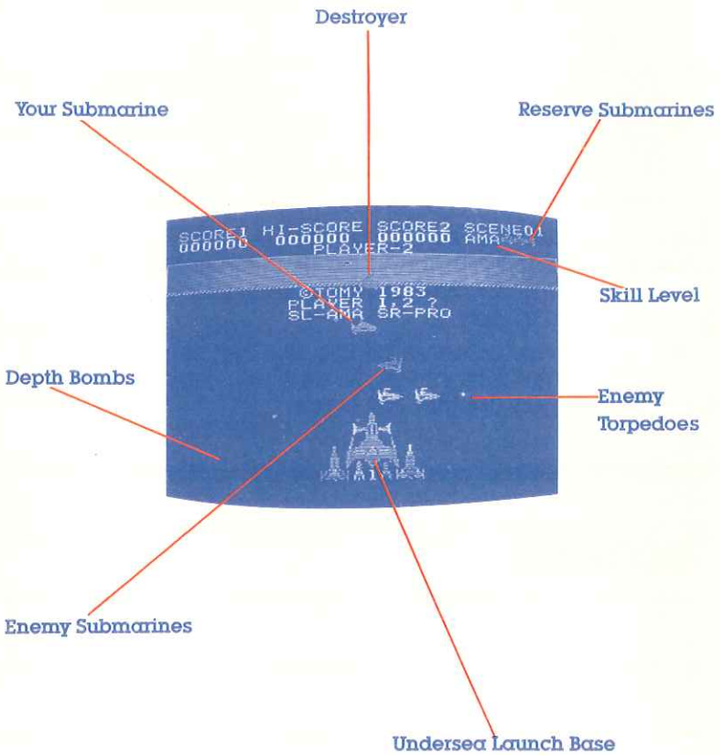
JOY CONTROLLERS



JOYSTICK CONTROLLERS

- Press Disk edge or move joystick in direction you want your submarine to go:
- To fire torpedoes, *keep pressing* [SL] or [SR].

PLAY ACTION



- You start with 4 submarines, one in the sea and three in reserve.
- Use your controller to make your sub KEEP MOVING! Danger comes at your ship *fast* from all directions. You lose a sub if:
  - —It is hit by a depth bomb.
  - —It is hit by an "X" bomb.
  - —It is hit by an enemy sub's torpedo.
  - —It collides with an enemy sub or the Terror Triangle.
- As you change directions to avoid all the shots being fired at you, keep pressing [SL] or [SR], so you can destroy the enemy subs and the surface ship that's dropping depth bombs.
- In each game scene you are attacked by 7 squadrons, each consisting of 3 enemy subs. The number of the squadron appears under the enemy launching base after each attack.
- If you survive all seven attacks, the launching base sends out the Terror Triangle. Hit it for a big bonus, then get ready for another fast battle!

SCORING

Each destroyer you sink	200 points
Each enemy submarine you shoot	500 points
Each terror triangle you shoot	3,000 points

TO PLAY AGAIN

- When every player has lost all subs, wait to see:

  GAME—OVER

  RT—KEY
- Press [RT], then wait for the computer to ask for the number of players in the next game. Press [1] or [2], then pick a skill level. Wait for the message to disappear, then use a direction command to start your sub moving. Try to beat the HI SCORE!

90 DAY LIMITED WARRANTY

Tomy warrants to the original consumer purchaser of any video game cartridge it manufactures, that the cartridge will be free of defects in material or workmanship for 90 days from the date of purchase.
